

## 2017 YOU International Award Honorees for Community Service

JOIN US IN SUPPORTING OUR FUTURE LEADERS

OUR MISSION IS RECOGNIZING OUR YOUTH WHO ARE DOING POSITIVE THINGS IN THE COMMUNITY

We've all seen countless stories in the media of all the negative in the world - young people and adults who have lost their way and have lost hope in the process, but what about the young people who have stayed on track and have given hope to their peers and the communities around them. Let's support them and show them that they matter. We want to encourage them to keep moving forward and being that light in the dark places around them.

The You Awards International, Inc. was founded on the idea that young people really do matter and truly are our future. We are honoring those young individuals who have followed their passions and have stood out in their communities by making a big difference in the areas of Academics, Sports, Technology, Entertainment, Fine Arts, Community Service & Business.
